# Non-Production Delivery

Readme

This delivery is a Non-Production Delivery.

**Delivery Limitations**

Non-Production Deliveries are basically operable, but not sufficiently tested, verified and/or qualified for use in series production and/or in vehicles operating on public or non-public roads. In particular, without limitation, the Non-Production Deliveries may cause unpredictable ECU behavior, may not provide all functions necessary for use in series production and/or may not comply with quality requirements which are necessary according to the state of the art. Non-Production Deliveries must not be used in series production.

**Contact**

If you have further questions, please do not hesitate to contact us via the Vector Contact address stated in the Delivery Description. The Delivery Description is located in the .\Doc\DeliveryInformation folder of your MICROSAR Classic SIP.
